Fall 2020 Live Online Technology Classes for Children, Youth, and Adults!

Engage THRU TECH
Explore, Collaborate, Lead!

Classes for Children

Coding Apps and Games (Ages 7-11)

Release your inner coder! Develop custom graphics and then **create simple video games** and apps! Experience **coding processes** such as algorithms, loops, events, arrays, conditional statements, and debugging! Appropriate for young coders of **all ability levels!** *Price for the 10 week series: $290*

Tuesdays September 15 to November 17, 2020 from 3:30-5:30pm

2-D Animation of Drawings (Ages 7-11)

Develop **avatar characters** from your **own drawings** or graphics, able to **move and talk**! Work in teams to create a 2-D animated short story , and produce wacky stop-motion animation videos! **All ability levels!** *Price for the 10 week series: $290*

Wednesdays September 16 to November 18, 2020 from 3:30-5:30pm

Classes for Youth

Movie Special Effects (Ages 9 to 13)

Take your movie effects to the next level! Embark on a dragon quest through a mystical enchanted forest, save the world from a zombie invasion or shoot fireballs and blow stuff up... we've got something for everyone! Use green screen and particle effects to immerse yourself in a 3-D animated world! *Price for the 10 week series: $290*

Mondays September 14 to November 16, 2020 from 3:30-5:30pm

Game Development and Coding (Ages 9 to 16)

Embark on an adventure while developing a 2-D "quest" video game! Build the code for "keys" to collect prior to moving to the next level! Work in teams to develop your own "map," custom graphics for the characters and objects in the scene! *Price for the 10 week series: $270*

Tuesdays September 15 to November 17, 2020 from 6:30-8:00pm

Classes for Older Teens and Adults

Older Teen/Adult 2-D Animation of Drawings (14 and up)

Bring your drawings and sketches to life! Develop avatar characters from your own drawings or graphics, able to move and talk! Learn how "bones" are added to graphics to create animation, and how a face is "rigged" to be able to speak! Work in teams to create an 2-D animated short story with customized motions! *Price for the 10 week series: $270*

Mondays September 14 to November 16, 2020 from 6:30-8:00pm

Older Teen/Adult Movie Special Effects (14 and up)

Take your movie effects to the next level! Embark on a dragon quest through a mystical enchanted forest, save the world from a zombie invasion, or shoot fireballs and blow stuff up... we've got something for everyone! Use green screen technology and particle effects to combine live-action videos of you immersed in a 3-D world! *Price for the 10 week series: $270*

Wednesdays September 16 to November 18, 2020 from 6:30-8:00pm

What is a Live Online Workshop?

*A live online workshop is a way for participants to connect and **engage in technology online with full tech support start to finish** ! Participants log onto our computers in order to use our software to complete their projects! Since these computers they are utilizing (remotely) are in front of us at our offices, we are able to provide step-by-step instruction and assistance for **any ability level!***

Registration Deadline September 3, 2020!
